NONPOPULATION CENSUS SCHEDULES FOR BALTIMORE CITY AND COUNTY,  
MARYLAND, 1850-1860: AGRICULTURE, INDUSTRY, AND SOCIAL STATISTICS

Introduction

On the single roll of this microfilm publication, M1799, are reproduced the 1850 and 1860 nonpopulation census schedules for the City and County of Baltimore. These records were in the possession of and were microfilmed by the Division of City Archives and Records Management in Baltimore, MD. One positive copy was deposited in the National Archives Microfilm Reading Room for use by researchers. In 1994, this microfilm was assigned a new number, M1799, in order to issue it as an official National Archives Microfilm Publication.

These records are reproduced in the order filmed by the city of Baltimore. They are arranged by year of census, thereunder by jurisdiction, and thereunder by type of census schedule. For more information about nonpopulation census schedules, see Carroll D. Wright, *History and Growth of the United States Census* (Washington, DC: Government Printing Office, 1900; reprinted by Johnson Reprint Corporation, New York, 1966).
