Grant Program Description

The National Historical Publications and Records Commission seeks projects that will significantly improve online public discovery and use of historical records collections. The Commission is especially interested in collections of America's early legal records, such as the records of colonial, territorial, county, and early statehood and tribal proceedings that document the evolution of the nation's legal history. Additionally the Commission is interested in projects to commemorate the 250th anniversary of the Declaration of Independence. We encourage applications that use collections to examine the ideals behind the founding of the United States and the continual interpretation and debate over those ideals these past 250 years. We welcome projects that engage the public, expand civic education, and promote understanding of the nation's history, democracy, and culture from the founding era to the present day.

Projects may preserve and process historical records to:

- Convert existing description for online access
- Create new online Finding Aids to collections
- Digitize historical records collections and make them freely available online

All types of historical records are eligible, including documents, photographs, born-digital records, and analog audio and moving images.

The successful application will demonstrate the value of the contents of the collection, will outline a project that addresses best practices for the work and is appropriately staffed, will propose a budget that accomplishes the project in a cost-effective manner, and will outline activities that bring researchers to the collections included in the project as well as the rest of the repository's holdings.

For a comprehensive list of Commission limitations on funding, please see: [What we do and do not fund](#). Applications that consist entirely of ineligible activities will not be considered.

Award Information

A grant is for one or two years and for up to \$150,000. The Commission expects to make up to 10 grants in this category for a total of up to \$1,000,000.

The Commission requires that grant recipients acknowledge NHPRC grant assistance in all publicity, publications, and other products that result from its support.

Eligible applicants:

- Nonprofit organizations or institutions
- Colleges, universities, and other academic institutions
- State or local government agencies
- Federally-acknowledged or state-recognized Native American tribes or groups

Projects must include at least one of the eligible activities described for this program.

Applications must include all required elements (SF 424, Narrative, NHPRC Budget Form, and Supplemental Materials.) Applications that do not meet either of those criteria will not be considered.

In order to ensure eligibility, applicants should first review the rules and regulations governing NHPRC grants under the Administering an NHPRC Grant section.

Cost Sharing

The total costs of a project are shared between the NHPRC and the applicant organization.

Cost sharing is required. The applicant's financial contribution may include both direct and indirect expenses, in-kind contributions, non-Federal third-party contributions, and any income earned directly by the project. NHPRC grant recipients are not permitted to use grant funds for indirect costs (as indicated in 2 CFR 2600.101). Indirect costs must be listed under the applicant's cost sharing contribution.

The Commission provides **no more than 75 per cent** of total project costs in the **Access to Historical Records: Archival Projects** category. For example, a request of \$75,000 in NHPRC grant funds means the applicant must provide at least \$25,000 in cost share.

Other Requirements

Applicant organizations must be registered in the System for Award Management (SAM) prior to submitting an application, maintain SAM registration throughout the application and award process, and include a valid DUNS number in their application. Details on SAM registration and requesting a DUNS number can be found at the System for Award Management website at <https://sam.gov>. Please refer to the *User Guides* section and the Grants Registrations PDF .

This should include the quantity in cubic or linear feet for analog materials, in files and bytes for born-digital materials, and an estimate of the number of hours for audio and moving image materials. Detail the topical matters, formats, dates, and their historical significance. Provide evidence of the current research demand and explain how you expect this project to change usage levels.
4. **Archival Methodologies:** Describe your processing and digitization methodologies. Provide descriptions of your equipment and resources, metadata standards, and professional scanning practices. For those staff or consultants to be hired for the project, provide position descriptions or call for consultants
9. **Performance Objectives:** List six to eight quantifiable performance objectives that will allow you and the Commission to evaluate the project as you submit interim and final reports. Performance objectives might include the number or volume of collections processed or described, the number of items digitized, or types of new procedures put in place to expedite access to collections. These should allow you and the Commission staff to evaluate your progress as you submit interim and final reports.

Application Review Process

After submitting a proposal, do not discuss the pending application to the NHPRC with any Commission member. Commission members must ensure fair and equitable treatment of all applications and do not discuss proposals with individual applicants.

Your proposal will be reviewed by:

- Peer Reviewers
We will ask 7 to 10 external peer reviewers to evaluate the proposal.
- Commission Staff
Approximately 2 months before the Commission meeting, we will send to the Project Director anonymous copies of reviewers' comments along with specific questions from the Commission staff. Applicants have an opportunity to answer these questions and comments.
- The Commission
After reviewing proposals and reviewers' comments, the Commission members deliberate and make funding recommendations to the Archivist of the United States, who has final statutory authority and selects award recipients. Throughout this process, all members of

the Commission and its staff follow conflict-of-interest rules to assure fair and equal treatment of every application.

Award Administration Information

Notification

Grants are contingent upon available appropriated funds. In some cases, the Commission will adjust grant amounts depending upon the number of recommended proposals and total budget. The Commission may recommend that the Archivist approve the proposal and extend an offer of a grant with applicable terms and conditions, or it may recommend rejection of the proposal.

Grant applicants will be notified within two weeks after the Archivist's decision.

Successful applicants will receive an informal offer of award outlining the steps that must be accomplished to qualify for funding. Those steps include verification of their acceptance of general terms and conditions, completion of a survey on their Financial Capability and Accounting Systems, and finalization of performance objectives for their project.

For awards that meet or exceed the Federal government's simplified acquisition threshold (currently \$150,000), NHPRC staff will first review and consider any information about the applicant that appears in the designated integrity and performance system. This information is accessible through SAM (currently FAPIIS) (see 41 U.S.C. 2313). After this review, NHPRC staff will follow the procedures in 2 CFR 200, subpart F, Appendix I, part e.3.

Once these are received, reviewed and accepted, the NHPRC will issue an official award notice.

Administrative Requirements

In order to ensure that you can manage a grant, applicants should review the Federal grant administration rules and regulations governing grants from the NHPRC listed in the [Administering an NHPRC Grant](#) section.

Reporting

In most cases, award recipients will report on their performance in narrative reports every six months and submit financial reports once a year.
