GENERAL RECORDS SCHEDULE 1.1: Financial Management and Reporting Records

This schedule covers records created by Federal agencies in carrying out the work of financial management: procuring goods and services, paying bills, collecting debts, accounting for all financial transactions, and monitoring agencies' net worth. It does not apply to copies of records forwarded to the Department of Treasury or the Office of Management and Budget in fulfillment of reporting requirements. These forwarded copies serve unique business purposes at those agencies and are therefore scheduled separately as records of OMB and Treasury.

This schedule covers financial management records of grants and cooperative agreements but does not cover administrative records of such grants and agreements. These administrative records are covered in GRS 1.2.

This schedule covers financial transactions and reporting but not overall planning for finance. These records are covered under GRS 1.3.

This schedule covers contract records maintained by Federal agencies but not records maintained by contractors, which are governed by 48 CFR 4, subpart 4.7.

This schedule covers financial transactions as an administrative function common to all agencies, but not administrative records documenting unique agency missions, such as student loan collection or seeking reimbursement for Superfund cleanups.

GENERAL RECORDS SCHEDULE 1.2: Grant and Cooperative Agreement Records

This schedule covers records created by Federal agency program offices responsible for managing grants and cooperative agreements such as program announcements, application files, case files and similar or related records, state plans, and final products or deliverables. It does not cover records related to financial transactions. Such financial transaction records are covered by GRS 1.1, Financial Management and Reporting Records. Nor does this schedule cover policy records documenting the legal establishment, goals, objectives, development, implementation, modification, and termination of agency grant and cooperative agreement programs. The type and significance of these programs vary widely among agencies, so no single disposition can be applied to the records on a Government-wide basis. An agency must submit a records schedule to NARA to cover these records or apply an existing schedule. This schedule also does not cover government-wide systems like GRANTS.GOV and USASPENDING.GOV.

A grant is an award of financial assistance in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The principal purpose of such award is to transfer a thing of value from a Federal agency to a State or local government or other recipient to carry out a public purpose of support or stimulation authorized by Federal statute (31 U.S.C. 6304). A cooperative agreement is an award of financial assistance that is used to enter into the same kind of relationship as a grant. It is distinguished from a grant in that it provides for substantial involvement between the grant-making Federal agency and the award recipient in carrying out the activity contemplated by the award (31 U.S.C. 6305). A grant or cooperative agreement shall be used only when the principal purpose of a transaction is to accomplish a public purpose of support or stimulation authorized by Federal statute. Grants are distinguished from contracts, which are used to acquire property or services for the Federal government's direct benefit or use.

GENERAL RECORDS SCHEDULE 1.3: Budgeting Records

Budgeting involves determining priorities for spending, forecasting future needs and related expenditures, and distributing budget authority to achieve results consistent with the formulated budget. This process includes records that document: formulating a budget to submit to the Office of Management and Budget (OMB) and Congress; defending requests for funds before both bodies; and, after Congress enacts an appropriations bill, properly using funds throughout the period of time covered by the agency's appropriations.

Agencies create budget records at all organizational levels. Single operating units at all levels create detailed working papers and budget statements. Bureau- or equivalent-level agency units consolidate these detailed work papers and budget statements into submissions and forward them to the agency or department budget officer, who finalizes and submits them to the White House on behalf of the entire agency or department. This schedule covers records an agency creates in both types of units: (1) offices that prepare and manage an entire agency's budget and submit it to the Office of Management and Budget for consideration by the President, and (2) local offices that request program funding and track expenses under their own approved budgets.

Related schedule: An agency reflects its controls over appropriated funds in its expenditure accounting records and detailed expenditure information in the accountable officers' records, both covered under GRS 1.1 (Financial Management and Reporting Records), item 010.

This schedule does not apply to records OMB and the Department of the Treasury create and hold that document the Government-wide Federal budget. It *does* apply to OMB's and Treasury's own agency and departmental budget records. The Federal budgeting process as we know it dates from when Congress established the Bureau of the Budget (forerunner of OMB) in 1921. While it is unlikely that agency budget records exist from prior to that date, users should note that agencies must offer budget records they created prior to January 1, 1921, to the National Archives and Records Administration (NARA) before they apply disposition instructions in this schedule.

GENERAL RECORDS SCHEDULE 2.1: Employee Acquisition Records

This schedule covers records agencies create in the process of hiring employees for Federal civilian service, whether career service, senior executive service, political appointment, excepted service appointment, or temporary/special appointment. It also covers records documenting job or position descriptions and classification. The Office of Personnel Management (OPM) exercises oversight of many—but not all—Federal agencies’ employee selection processes. Its procedural rules and best practices are spelled out in its “Delegated Examining Operations Handbook.” This schedule reflects OPM’s determinations on appropriate records retention periods.

This schedule applies only to civilian employee hiring records, although in both civilian and military agencies. Military staff selection follows very different processes and creates records that are unique to only a few agencies. Therefore these records are not covered in the GRS.

GENERAL RECORDS SCHEDULE 2.4: Employee Compensation and Benefits Records

This schedule covers records Federal agencies create while conducting agency payroll functions (items 010-061) and while managing specific programs that offer employees monetary or other tangible benefits (items 070 to 141). See GRS 2.3 (Employee Relations Records) and GRS 2.7 (Employee Health and Safety Records) for other programs that provide intangible benefits, protections, or assistance to employees.

Most payroll is processed electronically. Agencies create payroll system input records both electronically and on paper (brought into the system by scanning). This schedule covers only versions the agency determines to be official payroll system records. GRS 5.2, item 020 (Intermediary records) covers paper documents for which the agency designates their equivalent electronic versions to be the record copies.

This schedule does not cover Office of Personnel Management files that reflect its own or other agencies' personnel needs and problems. Agencies must offer records they created prior to January 1, 1921, to the National Archives and Records Administration (NARA) before applying disposition instructions in this schedule.

GENERAL RECORDS SCHEDULE 2.5: Employee Separation Records

This schedule covers records created in the process of employees leaving Federal service whether that service status is career, temporary, or political appointment. These records divide into two categories: records of managing an employee separation program in general, and case files specific to individual separations. Bullet lists describe records that *may* be contained in these files. They do not mean to convey that all of these records *must* be contained in every file. In particular, records pertinent to individual separating employees will vary depending on the type of service (career, temporary, or political appointment) and an employee's responsibilities.

GENERAL RECORDS SCHEDULE 2.6: Employee Training Records

This schedule covers records about designing, developing, and implementing employee training within Federal agencies that is not mission-related. Typically, such training is routine or mandatory and covers general knowledge and actions all agencies expect of employees, such as training on information security, anti-harassment, ethics, EEO compliance, drug-free workplace, records management, and travel card use. In other words, training on administrative activities. It does not include specialized training for firearms, health and safety, national defense, political appointees, or mission-specific training, which may document an agency's program objectives or illustrate program operations. This schedule includes documentation of employee training provided from any source (internally or externally via private vendors or other agencies) and applies to all groups of Federal workers, civilian, military, and contractors.

GENERAL RECORDS SCHEDULE 2.7: Employee Health and Safety Records

This schedule covers records about employee health and safety functions within Federal agencies. This schedule applies only to civilian health records, although in both civilian and military agencies. Military healthcare management follows very different processes and creates records that are unique to only a few agencies. Therefore these records are not covered in the GRS.

Health and Safety Committee records are covered by GRS 5.1, item 030, Records of non-mission related internal agency committees.

Agency-specific records schedules address records of mission-related Federal research, monitoring, standard-setting and enforcement activities to ensure environmental protection, occupational safety, and public health.

GENERAL RECORDS SCHEDULE 2.8: Employee Ethics Records

This schedule covers records documenting the activities of executive branch agency ethics program offices.

Records *not* covered by this schedule: Records pertaining to legislative branch and judicial branch ethics programs, the Hatch Act, the Whistleblower Protection Act, procurement integrity, and other areas often associated with, but not expressly under, the authority of executive branch ethics programs.

Lists *not* included in this schedule: Master Lists of financial disclosure report filers, individuals requesting outside employment and activities approval, and other types of ethics-related master lists. Ethics-related master lists that are used solely for the purpose of tracking and controlling ethics records should be disposed of in accordance with GRS 4.1, *Tracking and Control Records*. Master Lists that are used for purposes other than tracking and controlling ethics records should be disposed of in accordance with the disposition for the underlying records as listed in this schedule or as otherwise scheduled. For ethics training records, see GRS 2.6, *Employee Training Records*.

GENERAL RECORDS SCHEDULE 3.1: General Technology Management Records

This schedule covers records created and maintained by Federal agencies related to the general management of technology. It includes records related to developing, operating, and maintaining computer software, systems, and infrastructure improvements; complying with information technology policies and plans; and maintaining data standards.

This schedule does not apply to system data or content. This schedule does not apply to records documenting the Office of Management and Budget and the US Federal Chief Information Officers Council government-wide information management planning and programming. There may be copies of the Exhibit 300 records within these case files. However, agencies should continue to file the recordkeeping copy as part of IT Capital Investment Records. Records needed to support contracts should be in procurement files, which are scheduled under the GRS for General Financial Management Records.

GENERAL RECORDS SCHEDULE 3.2: Information Systems Security Records

This schedule covers records created and maintained by Federal agencies related to protecting the security of information technology systems and data, and responding to computer security incidents. This schedule does not apply to system data or content.

Item	Records Title/Description	Disposition Instruction	Disposition Authority
010	<p>Systems and data security records.</p> <p>These are records related to maintaining the security of information technology (IT) systems and data. Records outline official procedures for securing and maintaining IT infrastructure and relate to the specific systems for which they were written. This series also includes analysis of security policies, processes, and guidelines, as well as system risk management and vulnerability analyses. Includes records such as:</p> <ul style="list-style-type: none"> • System Security Plans • Disaster Recovery Plans • Continuity of Operations Plans • published computer technical manuals and guides • examples and references used to produce guidelines covering security issues related to specific systems and equipment • records on disaster exercises and resulting evaluations • network vulnerability assessments • risk surveys • service test plans • test files and data 	<p>Temporary. Destroy 1 year(s) after system is superseded by a new iteration or when no longer needed for agency/IT administrative purposes to ensure a continuity of security controls throughout the life of the system.</p>	<p>DAA-GRS-2013-0006-0001</p>
020	<p>Computer security incident handling, reporting and follow-up records.</p> <p>A computer incident within the Federal Government as defined by NIST Special Publication 800-61, Computer Security Incident Handling Guide, Revision 2, (August 2012) is a violation or imminent threat of violation of computer security policies, acceptable use policies, or standard computer security practices. This item covers records relating to attempted or actual system security breaches, including break-ins ("hacks," including virus attacks), improper staff usage, failure of security provisions or procedures, and potentially compromised information assets. It also includes agency reporting of such incidents both internally and externally. Includes records such as:</p> <ul style="list-style-type: none"> • reporting forms • reporting tools • narrative reports 	<p>Temporary. 	<p>Policies and procedures planning records relate to defining and establishing PKI systems. Records relate to such activities as determining that a PKI should be established; creating project implementation plans; creating the certificate policy (CP), certification practice statement (CPS), and other key operating documents; developing procedures in accordance with the CP and CPS; conducting risk analyses; developing records management policies (including migration strategies); and selecting the entity that will serve as registration authority (RA). Stand-up configuration and validation records relate to installing and validating both the Certification Authority (CA) and Registration Authority (RA), obtaining final approval or rejection from the agency's oversight or authorizing body, creating and generating a CA signature key, testing security procedures for the CA and RA, validating certification revocation procedures, and establishing back-up and storage for the PKI system. Operation records relate to the certification application; certificate issuance and key generation (including key pair generation and private key loading and storage of private keys and components of private keys); certificate acceptance, validation, revocation, suspension, replacement, and renewal; creating and maintaining an event log; and installing and validating software updates. Audit and monitor records relate to conducting periodic internal and external reviews of auditable events specified in the Federal Bridge Certification Authority (FBCA) X.509 Certificate Policy and other Entity CA policies, monitoring compliance with security requirements specified in the CPS and other operating procedures, investigating internal fraud or misconduct, and conducting internal and external audits of software and systems security. Termination, consolidation, or reorganization records relate to terminating, consolidating, or reorganizing a PKI; notifying subscribers of decisions, transferring inactive keys and revocation certificate lists to storage repositories, transferring consenting subscribers' and certificates and related materials to a new Certificate Authority, destroying sensitive records involving privacy (in accordance with an authorized records schedule), and shutting down and disposing of RA hardware and CA software.</p>	<p>level of operation of the CA, or when no longer needed for business, whichever is later.</p>	
061	<p>Note: Select PKI administrative records serve as transaction records that must be retained as part of the trust documentation set with transaction-specific records. Agencies must determine which PKI administrative records are embedded with transaction-specific records as transaction records. These administrative records may vary from transaction-to-transaction.</p>	<p>Other (non-FBCA et. al.) CAs.</p> <p>Temporary. Item	Records Title/Description	Disposition Instruction	Disposition Authority
062	<p>PKI transaction-specific records.</p> <p>Records relate to transaction-specific records that are generated for each transaction using PKI digital signature technology. Records are embedded or referenced within the transaction stream and may be appended to the transaction content or information record. Along with PKI administrative and other administrative records, transaction-specific records are part of the PKI trust documentation set that establish or support the trustworthiness of a transaction. They may vary from transaction-to- transaction and agency-to-agency. When retained to support the authentication of an electronic transaction content record (information record), PKI digital signature transaction records are program records.</p> <p>Note: Extreme care must be taken when applying the GRS-PKI to transaction records. Destruction of the transaction-specific and administrative records embedded in the transaction stream prior to the authorized retention of the information record that they access/protect will render the PKI incapable of performing what it is designed to do-protect and provide access to the information record. Due to the relative newness of PKI technology, both from an implementation and a litigation perspective, it is recommended that agencies identify all PKI transaction records (including PKI select administrative records embedded in the transaction stream and transaction-specific records) to be retained as part of the trust documentation for the records the PKI is designed to protect and or access and link the retention of the transaction records with that of the information record it protects/accesses. Transaction records must be retained as trust documentation set records together with the content/information record.</p>	<p>Temporary. Destroy/delete when 7 years 6 months to 20 years 6 months old, based on the maximum level of operation of the appropriate CA and after the information record the PKI is designed to protect and/or access is destroyed according to an authorized schedule, or in the case of permanent records, when the record is transferred to NARA legal custody. Longer retention is authorized if the agency determines that transaction-specific PKI records are needed for a longer period.</p>	<p>N1-GRS-07-3, item 13b</p>

GENERAL RECORDS SCHEDULE 4.1: Records Management Records

This schedule covers records created and maintained by Federal agencies that relate to the management of records and information. It includes records related to tracking and controlling agency records and documents, records management, forms management, and managing vital or essential records.

Item	Records Title/Description	Disposition Instruction	Disposition Authority

GENERAL RECORDS SCHEDULE 4.4: Library Records

Agency library and information centers collect material related to their agency’s mission or focus. Library services include administering the program, collecting data and information, and transferring collected data and information to the end customer. This schedule covers records that document a library’s administration and daily operations. This schedule does not cover nonrecord material such as library and museum material agencies make or acquire and preserve solely for reference or exhibition purposes, extra copies of documents agencies preserved only for convenient reference, and stocks of publications and of processed documents. This schedule also does not include unique or special collections, which agencies must schedule based on their content.

Item	Records Description	Disposition Instruction	Disposition Authority
010	<p>Library administrative records. Records documenting a library’s planning and management. Records may document library policies, procedures, and statistics. Includes records such as:</p> <ul style="list-style-type: none"> • strategic plans, project plans • policies and procedures for developing collections, acquisitions, patron privacy, loans, and restricting library material • promotional material describing library services and resources • correspondence and records on library staffing and relations with other libraries • quick guides to library databases and resources , topical or customized reading lists, and bibliographies <p>Note: For records on purchasing licenses, subscriptions, vendor services, or interagency agreements, see GRS 1.1, Financial Management and Reporting Records.</p>	<p>Temporary. GENERAL RECORDS SCHEDULE 5.1: Common Office Records

This schedule covers certain records common to most offices in Federal agencies, whether those offices are involved in administrative or mission-related activities. Most of these records are administrative housekeeping records. Agencies create and maintain administrative records when carrying out general, non-mission-related activities that keep an office operating. In contrast, agencies create mission records when carrying out the unique activities for which the agency was established. The only mission-related records this schedule covers are non-recordkeeping copies of electronic records (item 020) that are maintained for decision-making purposes or taking action. Copies maintained solely for convenience of reference are considered non-record materials. This schedule may be applied to records in offices that carry out mission-related activities, but only those records that are described here.

This schedule does not apply to transitory records, which are scheduled in GRS 5.2. The distinction between transitory and the records covered in this schedule is that the records here generally have a longer period of business use than transitory records. This schedule also does not cover materials an agency determines to be non-record or personal.

Item	Records Description	Disposition Instruction	Disposition Authority
010	<p>Administrative records maintained in any agency office.</p> <p>Records accumulated by individual offices that relate to routine day-to-day administration and management of the office rather than the mission-specific activities for which the office exists. Records include:</p> <ul style="list-style-type: none"> • staff locators, unofficial organizational charts, and office seating charts (see Exclusion 1) • office-level administrative policies and procedures and files related to their development (see Note 1) • calendars or schedules of daily activities of non-high-level officials (high-level officials are defined in GRS 6.1; this item covers those positions not defined as high-level) • informal requests and tracking of personnel training, travel, supplies, and equipment, excluding procurement and payment records and forms requesting training (e.g. SF-182) • internal office activity and workload reports • studies and analyses of office administrative functions and activities • non-mission related management reviews and surveys • minutes of meetings related to administrative activities <p>Exclusion 1: This item does not apply to recordkeeping copies of organizational charts, functional statements, and related records that document the mission-related organization, staffing, and procedures of the office. Agencies must schedule those records on an agency-specific schedule.</p>	<p>Temporary. Destroy when business use ceases.</p>	<p>DAA-GRS-2016-0016-0001</p>

	<p>Note 1: This item covers administrative policies and procedures at the office/unit level. GRS 5.7 covers agency-level administrative issuances or directives.</p>		
020	<p>Non-recordkeeping copies of electronic records. Non-recordkeeping copies of electronic records agencies maintain in email systems, computer hard drives or networks, web servers, or other locations after agencies copy the records to a recordkeeping system or otherwise preserve the recordkeeping version. This includes:</p> <ul style="list-style-type: none"> • documents such as letters, memoranda, reports, handbooks, directives, manuals, briefings, or presentations created on office applications, including those in Portable Document Format (PDF) or its equivalent • senders’ and recipients’ versions of electronic mail messages that meet the definition of Federal records, and any related attachments • electronic spreadsheets • digital still pictures or posters • digital video or audio files • digital maps or architectural drawings • copies of the above electronic records maintained on websites or web servers, but EXCLUDING web pages themselves <p>Note 1: Non-recordkeeping copies may be Federal records. Often, copies are non-records and can be immediately destroyed, but not always. Copies are non-record if they are kept only for convenience of reference. If copies are used in the course of agency business to make decisions or take action, they are Federal records. The copies described here are Federal records if they are still being used by the agency for such business purposes, but are not recordkeeping copies of those records.</p> <p>Note 2: For electronic mail records, the recordkeeping system must capture the names of sender and recipients, date (transmission data for recordkeeping purposes), and any receipt data, along with the message text. Sender/recipient information should be individual account information, not the name of a distribution list.</p>	<p>Temporary. Destroy immediately after copying to a recordkeeping system or otherwise preserving, but longer retention is authorized if required for business use.</p>	DAA-GRS-2016-0016-0002
030	<p>Records of non-mission related internal agency committees. Records created and maintained by committees established by an agency for facilitative or operational purposes unrelated to the agency’s mission, such as organizing events, selecting interior furnishings, overseeing volunteer activities, or employee recreational activities. Records include:</p> <ul style="list-style-type: none"> • meeting minutes, summaries, agendas, and transcripts 	<p>Temporary. Destroy when business use ceases.</p>	DAA-GRS-2016-0016-0003

GRS 6.2 covers Federal Advisory Committee Act committee records.</p> <p>Note: Records of mission-related committees are potentially permanent and agencies must schedule them by an agency-specific records schedule.</p>		

GENERAL RECORDS SCHEDULE 5.2: Transitory and Intermediary Records

This schedule covers records of a transitory or intermediary nature. Transitory records are routine records of short term value (generally less than 180 days). Intermediary records are those involved in creating a subsequent record. These records do not document significant decisions or actions an agency takes.

Note that this schedule does not cover original hardcopy still pictures, graphic materials or posters, aerial film, maps, plans, charts, sound recordings, motion picture film, or video recordings that are scheduled as permanent or unscheduled and that have been converted to an electronic format. Electronic versions of special media records such as these often do not adequately replace the original and therefore the original records may not be destroyed as “input records.”

Item	Records Description	Disposition Instruction	Disposition Authority
010	<p>Transitory records. Records required only for a short time (generally less than 180 days) and that are not required to meet legal or fiscal obligations, or to initiate, sustain, evaluate, or provide evidence of decision-making. Records include, but are not limited to:</p> <ul style="list-style-type: none"> • messages coordinating schedules, appointments, and events • transmittal documents such as e-mail, letters, cover memos, and facsimile cover sheets that do not provide evidence of approval, concurrence, or decision-making, or include substantive comments • received copies of circulated internal information such as agency instructions, notifications, circulars, newsletters, and email blasts to employees • messages received from agency distribution lists or listservs • “to-do” or task lists and assignments 	<p>Temporary. Agencies must follow agency-specific schedules for these records. If the records are unscheduled, the agency must submit a schedule for them.</p> <p>Exclusion 2: This item does not include the following data output files (agencies must follow agency-specific schedules for these records, except for the final bullet, which the GRS covers in another schedule):</p> <ul style="list-style-type: none"> • files created only for public access purposes • summarized information from unscheduled electronic records or inaccessible permanent records • data extracts produced by a process that results in the content of the file being significantly different from the source records. In other words, the process effectively creates a new database file significantly different from the original • data extracts containing Personally Identifiable Information (PII). Such records require additional tracking and fall under GRS 4.2, item 130 (DAA-GRS-2013-0007-0012)

	<p>Note 1: An agency must submit a notification to NARA per 36 CFR 1225.24(a)(1) prior to destroying hardcopy input records previously scheduled as permanent. GENERAL RECORDS SCHEDULE 5.3: Continuity and Emergency Planning Records

This schedule covers records related to Federal agency internal emergency planning to protect people, government facilities, equipment, and records; safeguard classified or sensitive information; ensure continuity of agency operations in the face of potential natural and man-made disasters; and facilitate timely recovery and return to normal agency operations once the emergency or disaster has passed.

This schedule does not include the following:

- external emergency planning records related to providing emergency response and recovery services to the public
- records related to high-level Government-wide Continuity of Government (COG) planning
- emergency response planning related to mission activities in the agency, e.g. NASA emergency plans for when a rocket explodes
- records related to a national disaster or incident response

These records may be of permanent value and must be scheduled on an agency-specific records schedule.

GENERAL RECORDS SCHEDULE 6.1: Email Managed under a Capstone Approach

This schedule applies *only* to Federal agencies that implement a Capstone approach as described in this GRS. When implementing this GRS, agencies should consult the FAQs about GRS 6.1, Email Managed under a Capstone Approach. Agencies are reminded that this GRS should not be implemented in isolation, and should be supplemented with agency-wide policies and training, as well as incorporated into agency records management implementation tools, such as manuals and file plans. Agencies adopting a Capstone approach should also consult other resources available from NARA related to email management, specifically the Capstone approach. These resources are available on NARA's [email management page](#) and are summarized in the introduction to the FAQ.

Agencies must not implement this GRS until approval of [NARA form 1005 \(NA-1005\), Verification for Implementing GRS 6.1](#). Additional information, including a link to the form, may be found in FAQ 3 and in the instructions accompanying the form.

GRS Scope

Email can be managed at an account level, at a mailbox level, in personal folder files, or other ways. This GRS applies to all email, regardless of how the email messages are managed or what email technology is used. Email, in the context of this GRS, also includes any associated attachments. This GRS may apply to records affiliated with other commonly available functions of email programs such as calendars/appointments, tasks, and chat.

Each agency is responsible for determining the scope of implementation when using Capstone, including, 1) The range of implementation in an organization (agency-wide, specific office, etc.); and 2) The range of implementation regarding email technology and system platforms. Brief information on the scope of an agency's Capstone implementation is also required on NA-1005.

Agencies are also responsible for defining (and documenting through policy) the official recordkeeping version of email to be managed under a Capstone approach, especially when email is captured or retained in multiple locations (e.g., an email archive vs. the live system). All other versions of email can be considered nonrecord, the retention of which should be addressed in agency email policy.

Agencies are expected to apply documented selection criteria to cull the email of Capstone officials (permanent accounts) to the greatest extent possible before transfer to NARA. Culling refers to the removal – or otherwise excluding from capture – of nonrecord, personal, or transitory messages and attachments. Culling typically includes the removal of spam, email blasts received (such as agency-wide communications), and personal materials (such as emails to family members not related to agency business). Culling may be manual, automated, or a hybrid of both. Agencies may develop their own policies and procedures for the culling of temporary accounts.

Applying this GRS

When applying this GRS in part, agencies must ensure that all other email records are covered by another NARA-approved disposition authority. Agencies NOT managing any of their email under the Capstone approach are still responsible for managing their email by applying NARA-approved records schedules.

If an agency is implementing a Capstone disposition approach different from what is provided in this GRS, the agency must submit a records schedule. For example, an agency may want to narrow the list of required positions in item 010, use shorter retention lengths for temporary records, or extend the time frame for transfer of permanent records.

Agencies have discretion to designate individual email messages, with their attachments as permanent, or as longer-term temporary records that should be crossfiled elsewhere pursuant to agency policies and business needs.

Agencies must transfer to NARA the emails of Capstone officials captured during their tenure as a Capstone official. Therefore, email of Capstone officials created prior to their designation as a Capstone official (e.g., prior to their promotion/rotation into a Capstone position) should be treated as temporary and not transferred to NARA. For guidance on transferring email as a permanent record, see NARA Bulletin 2014-04, Revised Format Guidance for the Transfer of Permanent Electronic Records and the relevant sections of [36 CFR Part 1235](#).

The head of the agency, such as Secretary, Commissioner, Administrator, Chairman or equivalent; 2. Principal assistants to the head of the agency (second tier of management), such as Under Secretaries, Assistant Secretaries, Assistant Commissioners, and/or their equivalents; this includes officers of the Armed Forces serving in comparable position(s); 3. Deputies of all positions in categories 1 and 2, and/or their equivalent(s); 4. Staff assistants to those in categories 1 and 2, such as special assistants, confidential assistants, military assistants, and/or aides; 5. Principal management positions, such as Chief Operating Officer, Chief Information Officer, Chief Knowledge Officer, Chief Technology Officer, and Chief Financial Officer, and/or their equivalent(s); 6. Directors of significant program offices, and/or their equivalent(s); 7. Principal regional officials, such as Regional Administrators, and/or their equivalent(s); 8. Agencies may also include individual emails from otherwise temporary accounts appropriate for permanent disposition in this category.</p> <p>This item <i>must</i> include all existing legacy email accounts that correlate to the roles and positions described above.</p> <p>If a Capstone official has more than one agency-administered email account, this item applies to all accounts. If a Capstone official has an email account managed by other staff (such as personal assistants, confidential assistants, military assistants, or administrative assistants), this item applies to those accounts. This item applies to all email regardless of the address names used by the Capstone official for agency business, such as nicknames or office title names. Email from personal or non-official email accounts in which official agency business is conducted is also included. A complete copy of these records must be forwarded to an official electronic messaging account of the officer or employee not later than 20 days after the original creation or transmission of the record.</p> <p>Please consult NA-1005, for more information on which positions are included within each category.</p> <p>Not media neutral; applies to records managed in an electronic format only.</p> <p>Note 1: Cabinet level agencies implementing a Capstone approach that includes their components/operatives must apply the above definition to each component individually. In these cases, each component/operative is considered a separate agency in terms of the above definition of Capstone Officials. A component/operative of a cabinet level agency can implement a Capstone approach independent of their department but must also conform to the entirety of this definition.</p> <p>Note 2: Smaller agencies, micro-agencies or Commissions implementing a Capstone approach may find that some of their Capstone positions fall into several of the categories above and/or that they do not have applicable roles or positions for all categories.</p>

GENERAL RECORDS SCHEDULE 6.2: Federal Advisory Committee Records

This schedule covers Federal records created or received by Federal advisory committees and their subgroups pursuant to the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C., Appendix, as amended) and records related to the management of these committees by their sponsoring agencies or departments.

If a committee is a Presidential advisory committee, check with the agency's General Counsel before applying this schedule. If records are determined to fall under the Presidential Records Act, this schedule does not apply.

For convenience, the term "committee" is used in this schedule to mean "advisory committee" pursuant to FACA.

Delete when superseded, obsolete, or when customer requests the agency to remove the records.</p>	<p>DAA-GRS-2017-0002-0002</p>

GENERAL RECORDS SCHEDULE 6.6: Rulemaking Records

Rulemaking is defined by the Administrative Procedure Act (APA) as the “agency process for formulating, amending, or repealing a rule” (5 U.S.C. 551(5)). This process results in the agency issuing a final regulation, which it publishes in the *Federal Register* and codifies in the Code of Federal Regulations. This schedule covers certain records created in that process. It also covers records documenting public notices that do not relate to rules and regulations but that agencies disseminate via publication in the *Federal Register*.

With one exception (see item 030), this schedule does not cover records created after a proposed rule first appears in the *Federal Register* (item 020 lists points at which first publication might appear). Records created after first appearance in the *Federal Register* are contained in a case file, often called a “docket.” Dockets may be of permanent value depending on the particular rule or an agency’s mission. Therefore, each agency must schedule its rulemaking dockets independently.

Item	Records Description	Disposition Instruction	Disposition Authority
010	<p>Records of proposed rule development.</p> <p>Records of internal development of agency rules in preparation for <i>Federal Register</i> publication as a proposed rule, including case files that result in final rules, case files that do not result in final rules, and case files of exemptions to rules.
