\*In 1880, enumerators collected additional information on “defective, dependent, and delinquent” inhabitants.

The Defective, Dependent, and Delinquent Census schedules are arranged by state, county, and enumeration district (ED). Within each ED, the schedules are divided into seven categories: 1) insane, 2) idiots, 3) deaf-mutes, 4) blind, 5) homeless children (in institutions), 6) prisoners, and 7) paupers and indigents. Within each category, the schedules can include the person’s name, the nature of the affliction, the cause of the affliction, the amount of public support, and specific training received to cope with the affliction.
