

Index to Indian Wars Pension Files, 1892-1926. T318.
12 rolls. 16mm.

This microfilm publication reproduces a card index to pension files relating to service in the Indian campaigns between 1817 and 1898. An entry in this index shows the name of a veteran; the name and class of dependent, if any; service data; the application number; and, for an approved claim, the pension certificate number and the State from which the claim was made.

For pension application files concerning men who were disabled or killed in Indian wars and in whose behalf no service claims were made, see the records in the "Old Wars" series. For pension applications relating to persons who served in Indian campaigns during the War of 1812, Mexican War, or Civil War, see the pension indexes relating to claims based on service in those wars.

Organization Index to Pension Files of Veterans Who Served Between 1861 and 1900. T289. 765 rolls. 16mm.

The index cards reproduced on this microfilm publication refer to pension applications of veterans who served in the U.S. Army between 1861 and 1917. The majority of the records pertain to Civil War veterans, but they also include veterans of the Spanish-American War, the Philippine Insurrection, Indian wars, and World War I.

The information provided here is virtually the same as that in the *General Index to Pension Files, 1861-1934*, T288. Unlike the alphabetical *General Index*, however, this index groups the applicants according to the units in which they served. The cards are arranged alphabetically by State, thereunder by arm of service (infantry, cavalry, artillery), thereunder numerically by regiment, and thereunder alphabetically by veteran's surname.

Each card gives the soldier's name, rank, unit, and terms of service; names of relationships of any dependents; the application number; the certificate number; and the State from which the claim was filed.
